Maxso® E600

Electric Micromotor System

This newest brushless electric micromotor system is designed with ultimate user-friendliness in mind. Its solid titanium construction ensures perfect balance - it is also one of the most lightweight systems of its kind available. Integrate the Maxso E600 into your practice with ease and start experiencing the advantages of electric today.

- **Powerful:** 3.0 Ncm of torque
- **Steady Performance:** Speed of rotations is controlled between 2,000 and 40,000min-1
- **Smooth Operation:** Torque ripple and heat reduction technology eliminates vibrations
- **Convenient & Durable:** Autoclavable
- **Easy Installation:** Simply mount and connect
