

# CANAVIEW<sup>®</sup>

## Intraoral Camera

An excellent communication tool that improves understanding and interaction with patients. It provides visual evidence that you need to educate patients and make more accurate diagnosis. Boasting a true autofocus and intuitive camera lighting system, the dental digital photography camera requires no manual adjustments and is easily shared between different examination rooms and chairs.

- High Resolution images with 5MP
- Ultra-wide and non-spherical lens
- Innovative Anti-fog design
- Direct USB connection to computer
- Super light weight body
- Responsive capture button
- Complimentary Image management software
- Compatible with major imaging software:  
*AbleDent, Aptyryx, Adstra, CaptureLink, CliniView, Cleardent, DentiMax, Digora, Dexis, Eaglesoft, Owandy, ProfSuni, and more...*
