

Comfort-Sonic®

LED Piezo Ultrasonic Scaler

Simply Practical

Boost your productivity and enhance patient experience with Comfort-Sonic®, the LED Piezo Scaler that is as versatile as your operational needs. It is compact and easy to use for a variety of daily applications including: scaling, endo and perio. Effortlessly eliminate calculus and other stubborn buildup with its ergonomic lightweight handpiece that features six LED lights encircling the tip for optimal illumination. The precise power delivered through steady linear ultrasonic vibrations ensures not only low operating noise, but also that movement is concentrated only at the tip, resulting in handpiece stability and maximized user comfort.

Powerful, with easy adjustable design

Built-in water regulation

3 Modes: scaling, perio, endo

Detachable handpiece

Autoclavable up to 135°C

Daylight LED: maximize visibility & minimize eye fatigue
