

Fiber-optic

Maxso[®]

X200 Surgical 45

It provides excellent accessibility, and visibility to make stress-free treatment a reality. X200 Surgical 45 features 21W of cutting power for faster preparation and rear exhaust to help increase patient safety. With its uniquely angled head, enhanced access is simple. Experience for yourself, the difference between ordinary and extraordinary.

Accessibility

45° Head design for perfect access to the molars.

Visibility

Stream water (not mist) for perfect bur cooling and visibility.

Hygiene

Rear air exhaust to prevent contamination into cutting area.

Power

Strong chuck holding force to prevent slippage and improve power with 21W torque.
